~~Get out your homework -~~ Cumulative Review

Corrected Monday

1/3 - Graphing Inequalities

$<$ *less than*

$>$ *greater than*

\leq *less than or equal to*

\geq *greater than or equal to*

What do these mean?

$$x < 3$$

$$n > 2$$

$$a \leq -1$$

$$b \geq -2$$

Answers to inequalities are graphed on numberlines.

Plot -2 on the # line.

EVERY graphed answer **must** have:

- arrows on both ends
- equally-spaced marks all along the line
- number labels - at least these 3:
 1. Zero
 2. the number you are counting by
 3. the number you are graphing

Graph each of the following:

$$x < 3$$

$$n > 2$$

$$a \leq -1$$

$$b \geq -2$$

Graph each of the following:

\geq $<$ \circ
 \leq $>$ \bullet

Variable MUST be on the left !!!

$$5 \geq x$$

$$x \leq 5$$

$$b > 6$$

$$-3 \leq k$$

$$k \geq -3$$

$$2 > n$$

$$n < 2$$

Write the inequality for each of these number lines:
